

## VACUUM SOLUTIONS FOR *PAIN*T PRODUCTION

Ensure excellent cleaning of your production areas from dust, debris and varnish and/or paint spillages

- ✔ Delfin vacuum cleaners make it possible to carry out cleaning and maintenance processes efficiently and safely.

Protect yourself and your workers from explosion risks when cleaning and removing flammable liquids.

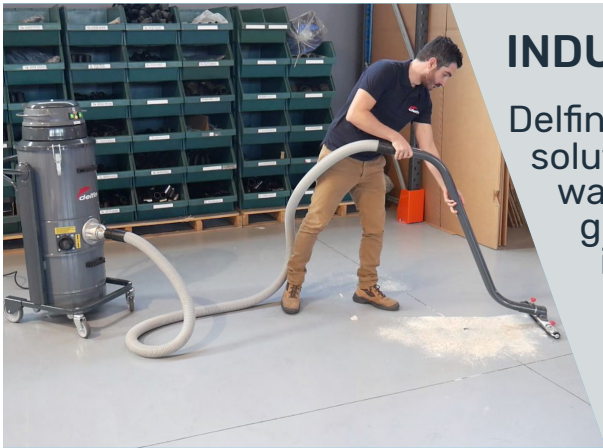

- ✔ Vacuum cleaners from the Atex range ensure maximum safety when cleaning by preventing the formation of ignition sources

Capture particles of pigment when discharging paint powder into mixers

- ✔ With Delfin's dust collectors you can remove fine suspended dust in order to guarantee the safety of your operators.

# DELFIN VACUUM SOLUTIONS

## INDUSTRIAL VACUUM CLEANERS

Delfin's industrial vacuum cleaners are the best solution for removing dust and/or processing waste from any type of working environment, guaranteeing maximum efficiency and safety in any production or working area.

WATCH THE VIDEO

## ATEX $\text{Ex}$ RANGE

Vacuum cleaners designed for maximum safety in environments where the generation of electrostatic electricity must be prevented.

## AIREX $\text{Ex}$ RANGE

Vacuum cleaners powered by compressed air for environments where there is a shortage of electricity but a large amount of compressed air is available.

## DUST COLLECTOR RANGE

Dust collectors collect suspended dust in order to ensure the safest possible air quality in the work area.
