DM3

Industrial vacuum cleaner for dust and solid material

DM3, THE industrial vacuum cleaner for excellence.

There are no impossible applications for the DM3, from the laboratory to the workshop, from mechanical engineering to the cement industry. This model was developed in its first version, more than 15 years ago, to meet a wide range of requirements. It has been completely re-designed in 2014 in order to make it even more user-friendly and versatile, while improving a lot its industrial design.

- Multi purpose flexibility (suitable for wet, dry, dust applications).
- Can pick up wet dry at the same time.
- 100% Steel construction. Detachable bin with possibility to use disposable bags.
- Large filter surface with integrated filter cleaning system and filter efficiency gauge
